September 3, 2025

The City of Vincent has changed their trash service from Waste Management to Alabama Waste Services effective October 1, 2025. Alabama Waste Services will be sending out letters to the residents making them aware of the change. Once you receive the letter, please complete the form and return it to Alabama Waste Services.

Residents outside the city limits will remain with Waste Management.

Your trash billing will be on your water bill each month.

Thank you.

City Hall
